Windermere Online

Thousands of homebuyers enter the market every day, hoping to find their dream home. More than a million times each month, those buyers visit Windermere.com to help in their search.

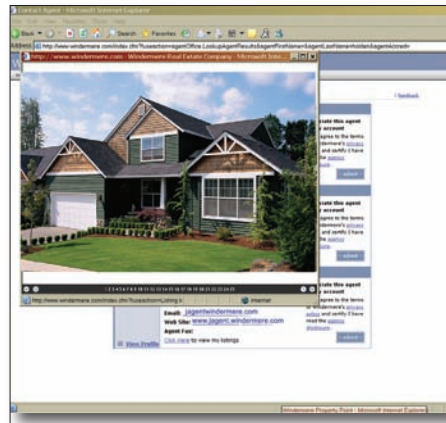

Recent *Windermere.com* statistics from a one-month period

Average page views each visit: 17
Total page views: 22,927,254
Total visits in a month: 1,370,486

On a typical day, *Windermere.com* has hundreds of thousands of active listings. Our listing information is updated as often as every 15 minutes to ensure that visitors have access to every available home. When you list with Windermere, know that your home will be exposed to potential buyers on the Web more quickly than on any other real estate site.

To ensure that buyers can find the home that meets their needs, *Windermere.com* features innovative online tools:

- PropertyPoint™ interactive map search now features Google Maps™, which allows buyers to pin point a particular location, then get detailed information about homes for sale in that area.
- Our exclusive Photo Gallery tool creates an online virtual tour to show off your home's best features.
- MyWindermere, the online tool that allows for fast and easy home searches for those who set up a no-obligation account.
